- Skills to develop a business plan.
- Demonstration of a mobilizing leadership, of self-reliance, discipline, professionalism and assertiveness.

Shared values

The management of LaSalle College, as a member of the LCI Education network, strives to fulfill its mission which is identified as a set of values that orient its operation, guide the actions of each employee and drive its collective force towards one common goal.

Quality

Care for the quality of work in all that is undertaken must be a leitmotif for all employees. The organization aims for nothing less than excellence in all its operations.

Initiative

LCI Education believes in the importance of a sense of initiative, in each employee, when it comes to finding solutions to difficult situations that may occur at work. This quality enables employees to take calculated risks in order to achieve their goals.

Creativity

Being open to change, inspiring innovation and continuously aiming for improvement are fundamental to maintaining a progressive edge. This openness nurtures constructive criticism in the working environment and encourages innovation.

Mutual consideration

Mutual consideration, tolerance and respect for peoples' individuality and differences underpin an LCI Education – fostering employee motivation and satisfaction. Social and environmental issues are also at the heart of LCI Education's mission.

Commitment

LCI Education's greatest strength resides in both the expertise and sense of belonging of the institution's staff. Here, they feel supported and fulfilled, understanding its corporate values, adopting its standards and working in harmony with their peers. To an LCI employee, the institution's successes are their successes, its failures theirs to rectify.

Sharing

The spirit of sharing is the essential LCI Education attribute that empowers the network. The institution's employees are called upon to share its successes, resources, knowledge and best practices.
